

BOIL WATER ORDER

Murray Water District #2 customers SOUTH of Applewood Drive are under a Boil Water Order until further notice.

Customers are directed to immediately start boiling all drinking water. This includes water for drinking, making ice cubes, washing food, brushing teeth or any other activity involving consumption of water.

Water should be brought to a full, rolling boil for at least five minutes to ensure that it is safe for consumption. Boiled water may be stored at room temperature or refrigerated in a closed container until needed.

If you have any questions, please contact Murray Public Works at 270-762-0336.

Please delay this information as much as possible.
